The University of South Carolina School of Medicine in Columbia invites applications for the position of Vice Dean for Innovative Healthcare Technologies. The position is expected to be filled from within the University or the affiliated hospitals and agencies of the School of Medicine.

Outline of the Position
The Vice Dean for Innovative Healthcare Technologies is a senior-level administrative position (.2 FTE) reporting directly to the Dean. Position will be responsible for developing and coordinating School of Medicine activities around innovations in healthcare technologies. These activities will include clinical applications of state-of-the-art technology, supporting the development of new technologies, research related to these technologies, applications of technology to healthcare education, fund raising and development efforts to support and expand these programs, and fostering regional, national, and global industry and institutional partnerships. Internally, the position works closely with the Dean, Dean’s staff, associate deans, departmental chairpersons, administrators, and the central administration of the University. Externally, the position works closely with the leadership of the School of Medicine’s affiliated hospitals and agencies, and with the various funding, regulatory, and accrediting bodies of the School of Medicine.

Outline of Desired Qualifications
- Medical degree from an accredited medical school with an active, unrestricted license to practice medicine in the U.S.
- License or eligibility for license in the state of South Carolina.
- Minimum of five years’ experience in administration.
- Experience with clinical applications of state-of-the art technology.
- Track record of securing external funding support for innovative health care technologies.
- Demonstrated record of building partnerships and collaborations with members of the academic and clinical community as well as industry.
- Strong organizational, managerial, leadership, interpersonal and communications skills.
- Strong service orientation and commitment to teamwork.
